“

Hello, my name is Inna, more known as **IZZY IZVNE**. I am graffiti and street artist from **Moldova (Chisinau)**

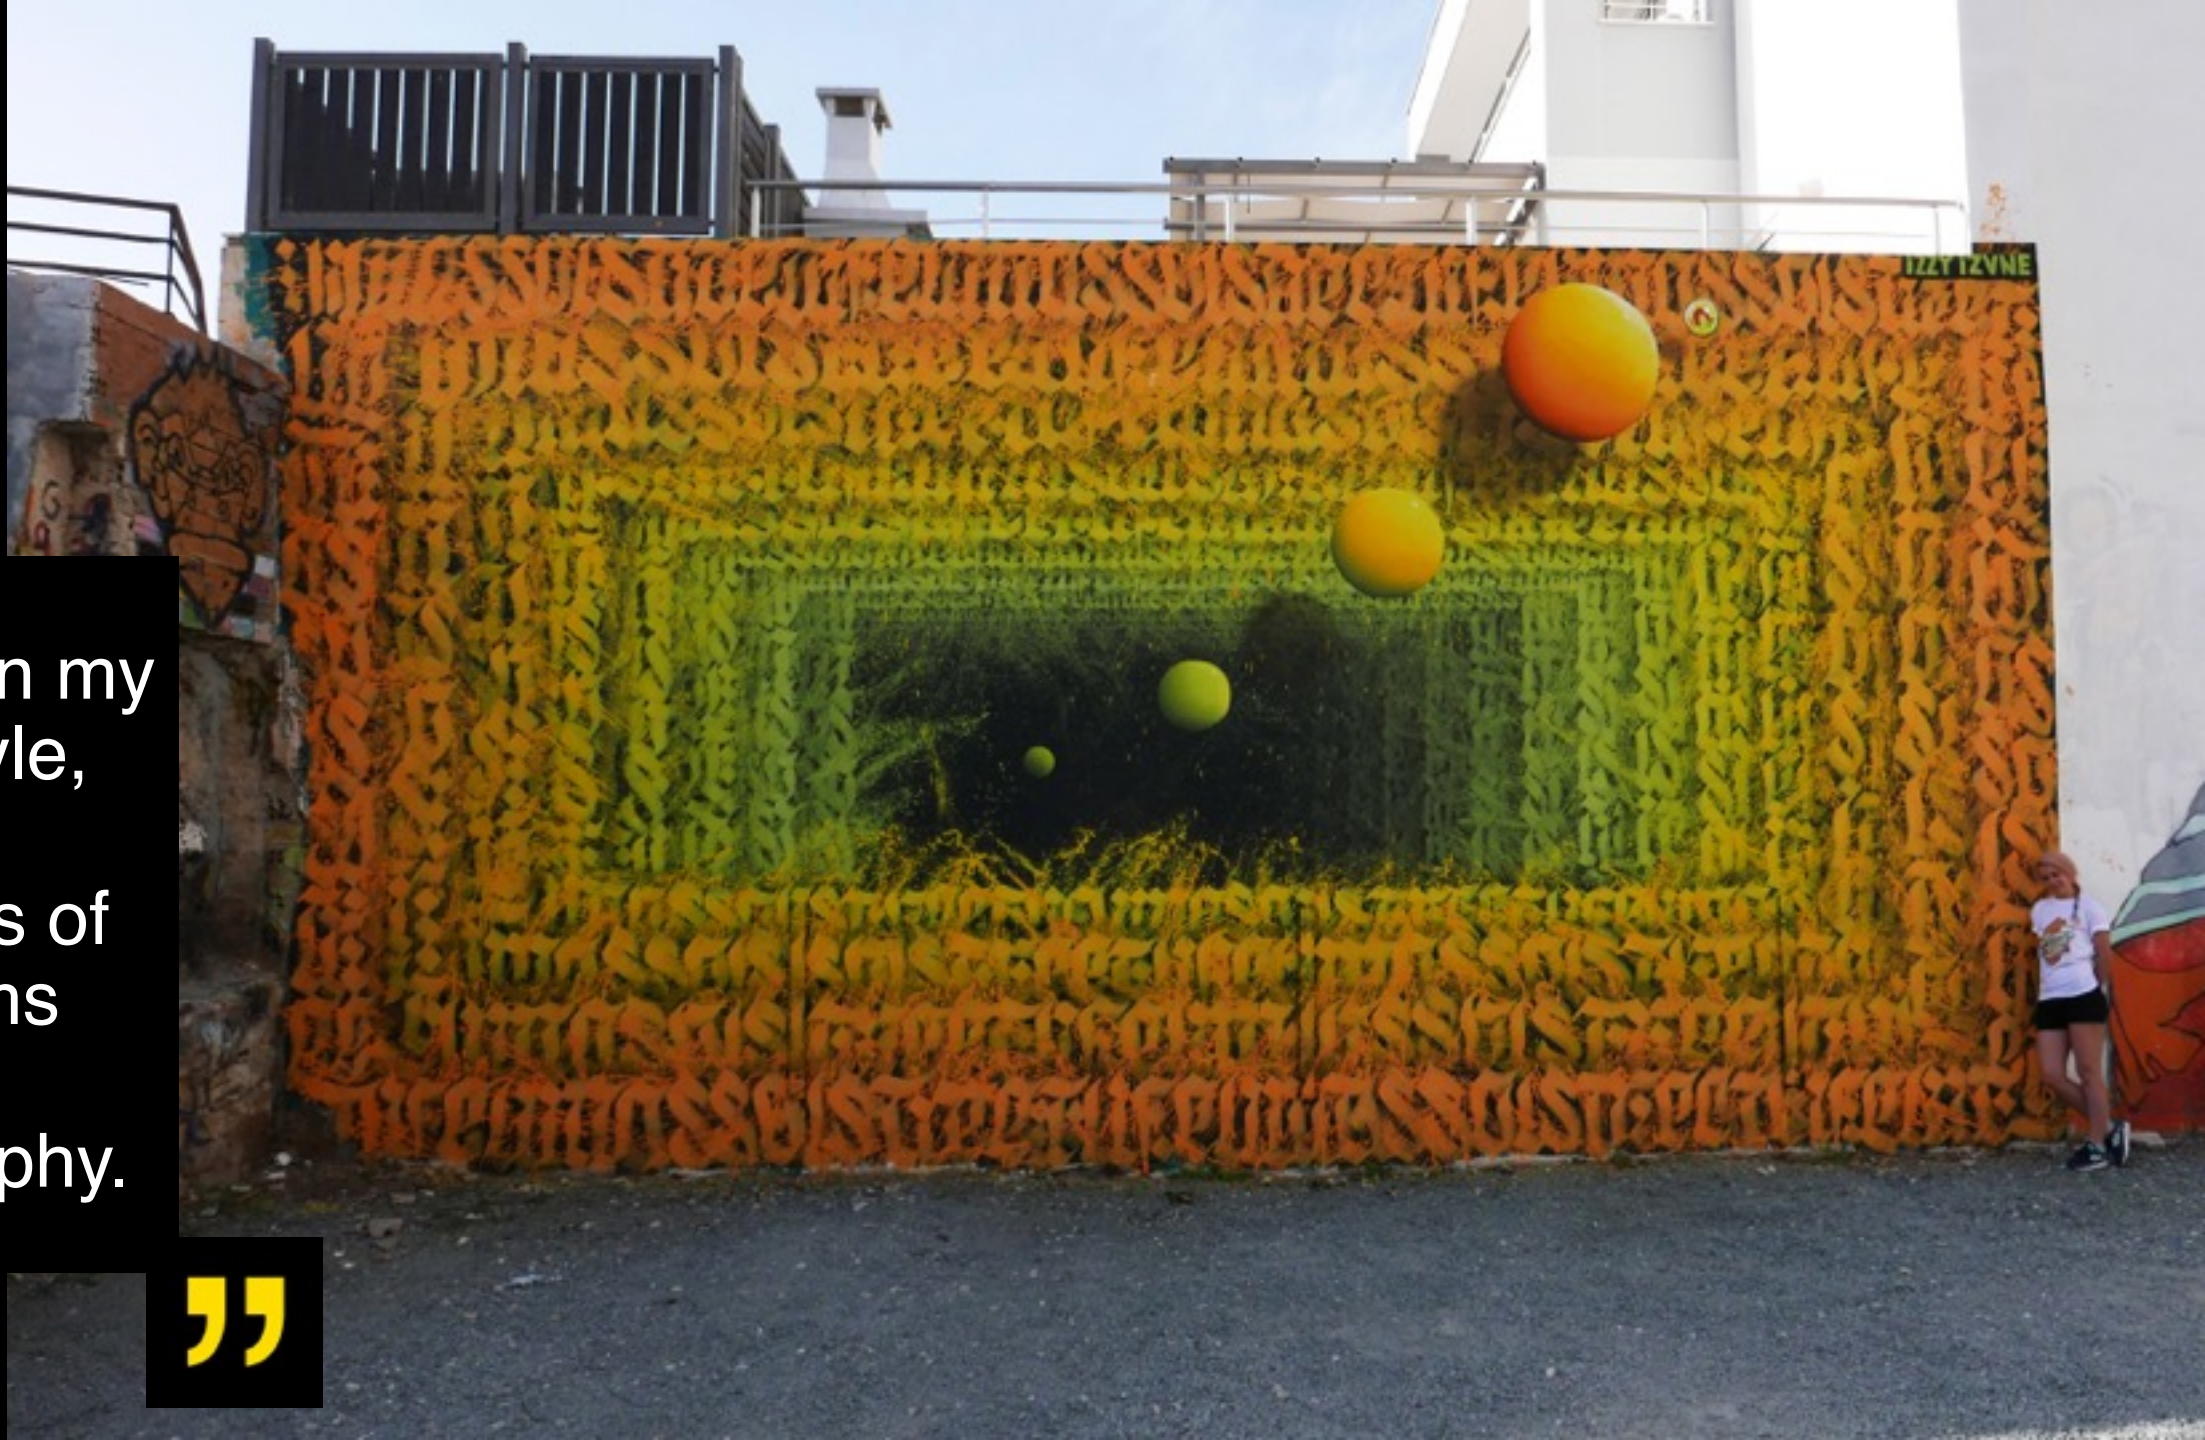

”

“

I work in my own style, which consists of 3D forms and calligraphy.

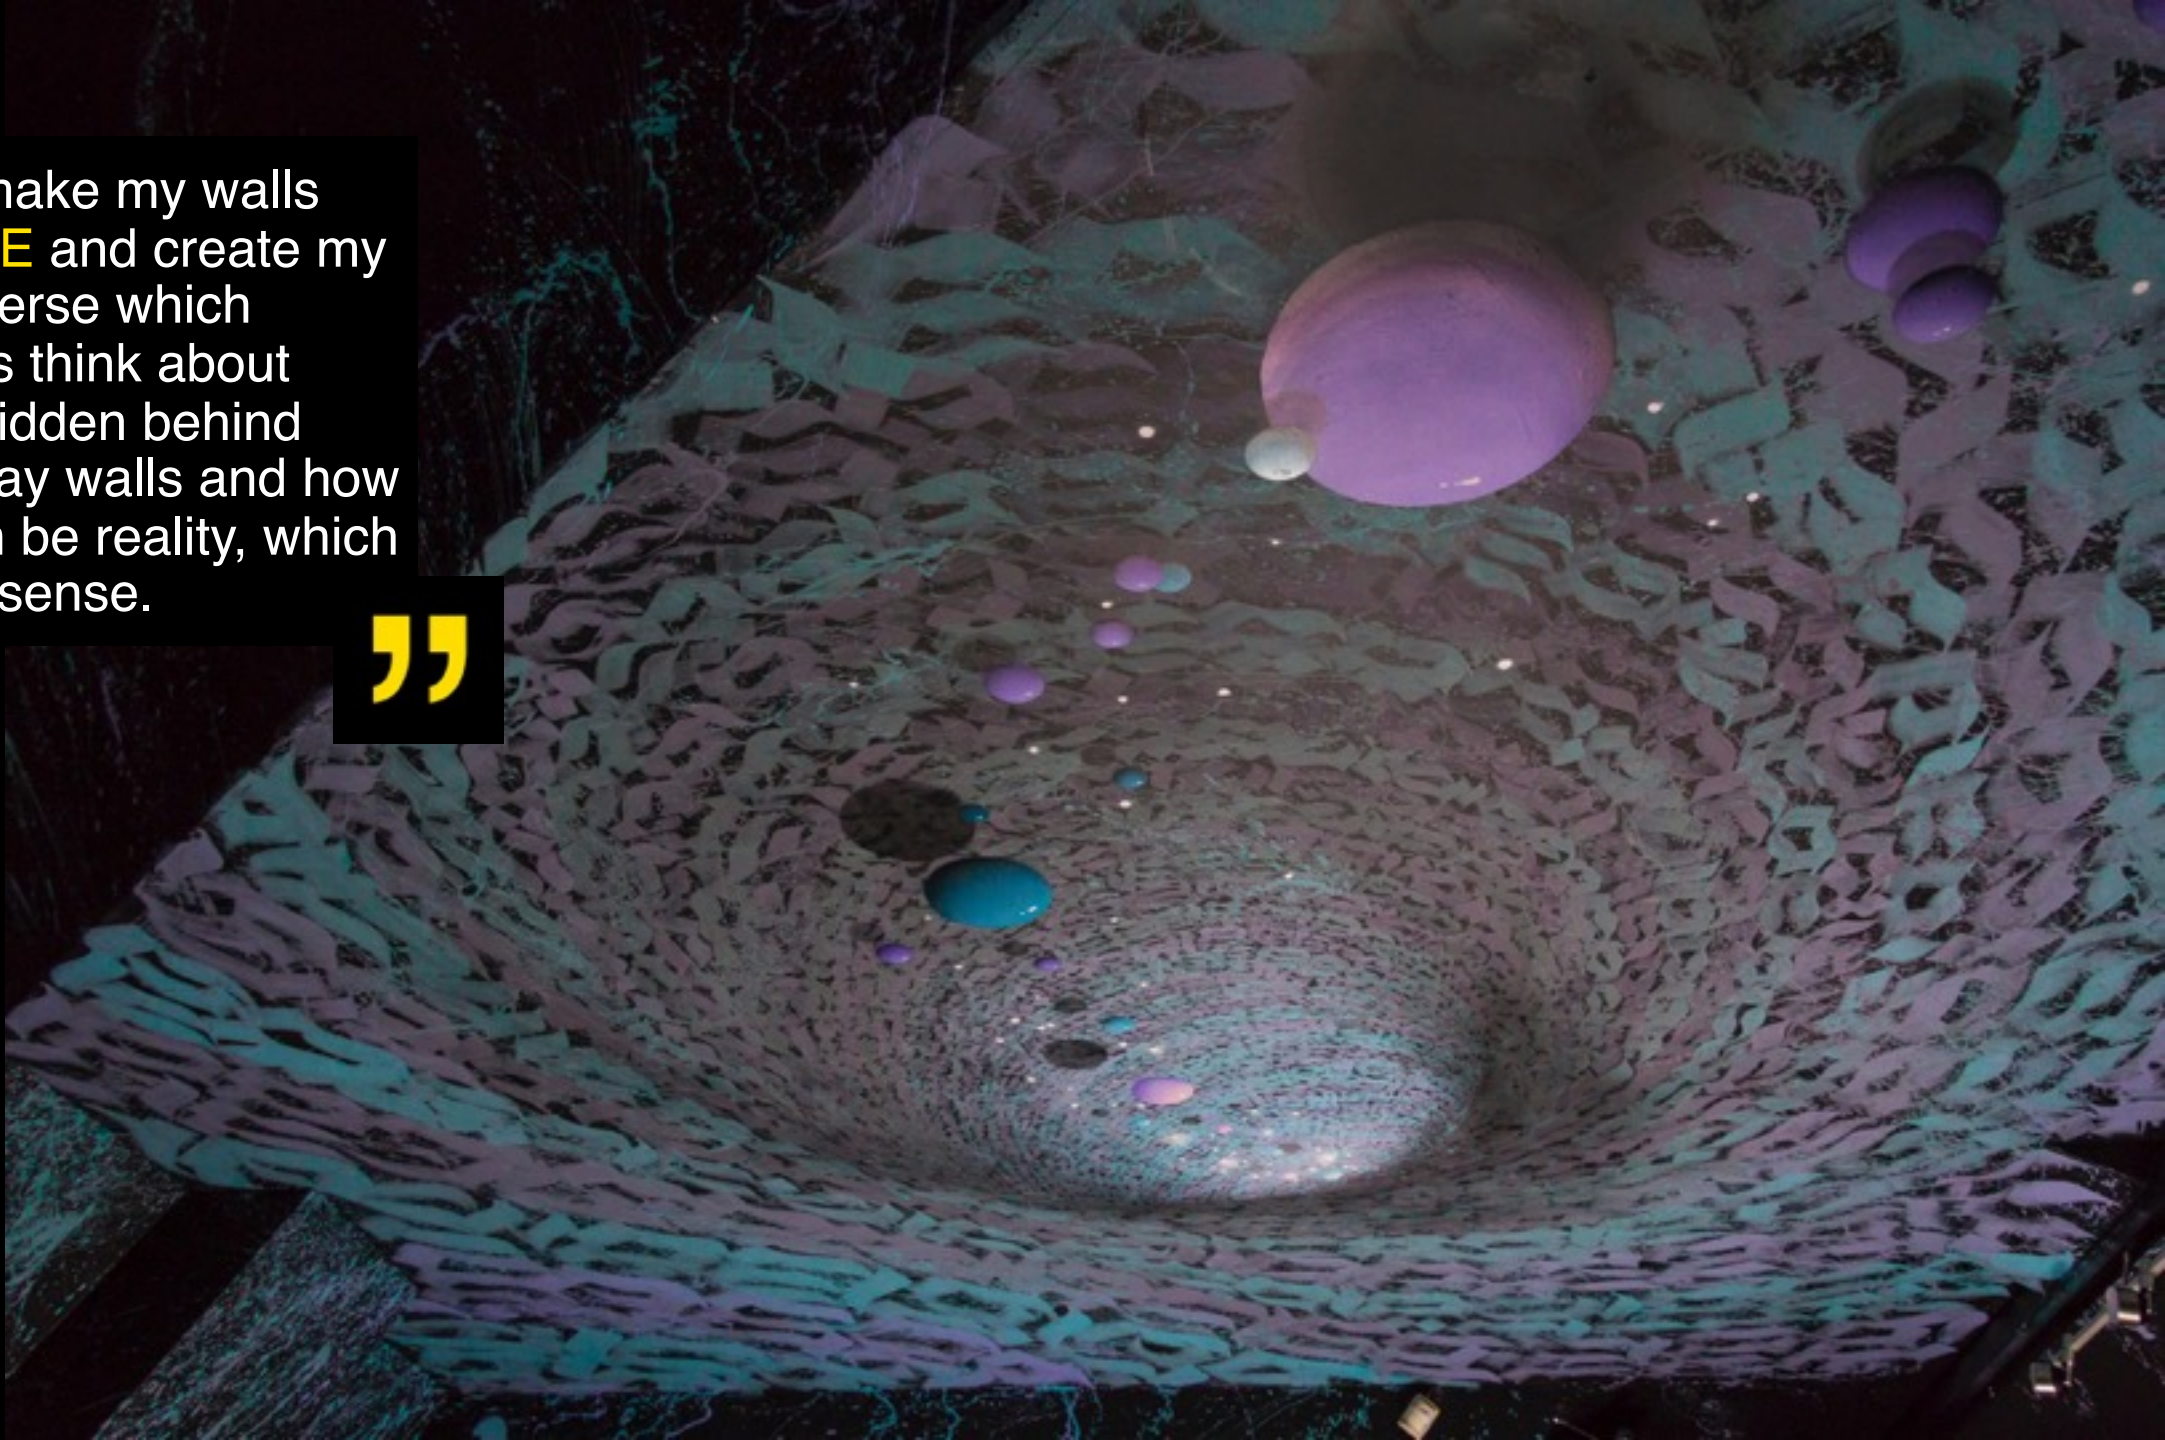

”

“

I like to make my walls
BREATHE and create my
own universe which
makes us think about
what is hidden behind
empty gray walls and how
deep can be reality, which
we can't sense.

”

“

For big projects we
work in team of 2
persons

The image features two large, textured spheres. The upper sphere is a vibrant orange, and the lower one is a deep red. They are set against a dark, almost black background. The scene is decorated with autumn-themed elements: a dense layer of red and orange leaves on the right side, and various splatters of orange and red paint or ink scattered across the dark surface. The overall composition is artistic and seasonal.

Thank YOU!
