VirtualStreetArt: New Art on Old Facades

Want to create urban art without leaving home? The Frankfurt Artists' Club and the FISART project have made it possible. As part of the Frankfurt Art Experience, they've created an innovative project that uses photographs of 65 Frankfurt locations to create stunning digital artworks. This unique approach connects the analog world with digital creativity, offering a brand-new way to experience art. The best part? You can view the digital works virtually at their real-world locations on our special project page, [VirtualStreetArt@Frankfurt Art](#). Scan the QR code and dive into this interactive art experience!

Join us for the exhibition at the **Nebbiensche Gartenhaus** from **September 6-7, 2025**. You can also contribute to the virtual art project! To get started, simply send an email to info@frankfurter-kuenstlerclub.de. We'll then provide a download link to the facade images so you can begin creating your own digital works.
